TESTIMONIALS:

I recently had an opportunity to work with Tracy and the staff at The Pines Resort to provide a faculty workshop. I was on a tight deadline as we had to move the event up by one month and they were extremely accommodating. Tracy and her team were easy to work with and willing to go the extra mile to ensure that our experience was just what we needed to fit our budget and our time line!

Thanks Tracy for a great experience!

Fresno City College

The Pines Resort in Bass Lake provides the perfect venue for any event. Our church has had its family winter retreat every year at the Pines for over 10 years. The setting provides an amazing time of fellowship, and peace to enjoy God's creation. This past year, we decided to rent meeting space and use food catering in addition to staying in the chalets.

Tracy in the group sales department worked closely with us and our budget to help select a great meeting space and appropriate food/beverage catering. All of the arrangements came together perfectly the weekend of our retreat. Our meeting space was clean, warm, well attended by the staff, and the food was excellent.

We couldn't be happier with our stay, and we will be back next year!
